About Macdudu Resources

Established in 1992, Macdudu Resources Limited is a global technical services consultancy providing fully integrated production, technology, reservoir surveillance and management expertise in the oil, gas and production industry.

We have offices in London, Netherlands and Houston with representative offices in Nigeria. We have staff, consultants and technology deployed in-house and externally at our clients' offices.

Our exceptional track record in retaining clients, providing high calibre expertise and the widest range of options for clients and consultants alike, reflects our total commitment to excellence in everything we do.

Mr. Dudu Akpotor is the Chairman/CEO of Macdudu Resources Limited. He runs the affairs of the company successfully with his wealth of experience.

Our partnership and expansion programmes since the year 2000 launched us massively into procurement, real estate and construction, agriculture and projects financing.
